Look System

A triumph of warm colours ranging from reds to corals **characterises this decisively original kitchen with a young, trendy look.**

The L-shaped composition seen here combines a plinth in matte Borgogna lacquer with coral colour doors and a worktop in Rosso Jaipur Fenix®, a thicker section of which forms a snack top.

The Trave hood in Pietra Corallo is combined with a new connecting module in single colour Canyon, a solution that leaves enough space for a triangular open compartment.

The midi tall units that house the domestic appliances are divided by a desk in **Rosso Jaipur Fenix®.** In conjunction with the Joy System back, this forms a practical kitchen work station.

In the background is a living zone solution with a TV stand in Canyon and Betulla Boreale finishes.
