

10_Karma _Elegance

Look System

This composition develops in two parallel volumes.

The island is entirely in matte Grigio Fumo PET and includes 12, 24 and 36 cm drawers. Featuring a sliding top this composition boasts a worktop in the new Calacatta Gold Gloss Neolith® finish, which brightens up not only the top itself but the area where most kitchen activities are performed.

The rigorously continuous volume formed by the series of tall units in Rovere Cortecchia is broken up by open compartments in matte Brunito lacquered metal. This essential, linear design is extremely effective at inspiring a sense of simplicity yet refinement using shapes and colours of different solidity.

Grooves and Plinth in Titanio.
