

01 Aliant Evolution System

Aliant is exhibited here in a most striking composition.

A sequence of 7 columns with doors alternating between gloss Lava and Ribbed Glass form the backdrop to U-shaped island with Neolith® worktop, doors in Black Satin Basalt on the outside and Lava Lucido glass on the inside, and a block housing a hob in Lavagna colour HPL, shaped around the storage elements. Base cabinets and tall units feature the new 75 cm wide modules capable of containing maxi size appliances.

Flat groove in Brushed Nero.

12, 24 and 36 cm high drawers.

Complete integrated sink in Neolith.

Light finishing hood in matte Glass painted steel.
