

## 10\_Karma \_Colors

### Look System

**Karma Colors exploits the decorative potential of grey – one of the most elegant of all colours – to create a sober, chic space.**

The L-shaped composition seen here is dominated by the **Color Trend gloss Grigio Tweed lacquer finish** of the base cabinets, tall units and tall wall units.

**In the work area niche, the Ceppo di Gre Neolith® splashback forms an area of bright colour along with the wall units in Color Trend matte Salina lacquer.**

The composition stands out for its refinement, which is emphasised by the choice of **partial handles**, a detail of great fascination and functionality.
